It doesn't
matter who
manufactured
your lift, or who
installed it
**we can
service and
maintain it**

Open Protocol Parts

So you're not tied into using
expensive branded parts
from the people who made or
installed the lift

A full service

Including lift tightening
lubrication and adjustment
as required to meet Health
& Safety Executive standards

Bespoke Contracts

Planned Preventative
Maintenance (PPM) to suit
your needs and budget
