# LIFT MAINTENANCE AND REPAIR

**PICKERINGS LIFTS**  
*Your trusted partner*

## LOCAL OFFICES - NATIONAL LEVELS OF COVERAGE

Pickerings Lifts is here to give you peace of mind with our bespoke lift maintenance and repair service.

Whether you are responsible for one lift or one-hundred lifts, we are proud to provide an industry-leading level of service that ensures your lift is safe, compliant and keeps your business moving.

### What we offer:

- A wide range of contracts to suit your needs
- Coverage across the whole of England, Scotland and Wales
- Locally based engineers with local knowledge
- An account manager to look after your contract and keep you informed at all times
- A 24-hour call-out service

### Why Pickerings Lifts?

- A full service each and every visit - improving reliability and reducing callouts
- The knowledge and skill to repair any lift
- Experience across a wide range of industries
- Customer care is at the heart of what we do
- We are a 'one stop shop' for all of your maintenance, repair, modernisation and installation needs.

*"As Brentwood School is such a large school, both in size and number of students, it is vital that our lifts are operational at all times to ensure safe and swift movement of staff, students and visitors.*

*Pickerings Lifts thoroughly service all of our lifts to ensure peace of mind throughout the academic year."*

**Brentwood School**

### The services we provide:

**Servicing:** Our maintenance is different from the industry standard of modular servicing – we spend a minimum of one hour and 15 minutes completing our preventative maintenance procedure, proven to improve the lifespan of equipment and over time will minimise breakdowns and reduce down-time on your lift.

**Planned Protective Maintenance:** Our scheduled maintenance gives you peace of mind. Our skilled engineers will work with you to plan ahead, ensuring equipment is fully serviced, reducing disruption and minimising breakdowns.

**Unscheduled Repairs:** Rest assured, if your lift breaks down, our priority is to repair it. Your service agreement is your guarantee that you will receive a priority repair service from experienced engineers who know and understand your lift.

**Safety audits and insurance inspections:** We will conduct full Disability Discrimination Act (DDA) and health & safety audits, ensuring compliance with relevant regulations. We also work alongside all major insurance companies to assist with insurance inspections.

*"Pickerings Lifts has met all our needs for ongoing maintenance service visits.*

*We have always found their service to be efficient and cost-effective, responsive to the customer's needs, and their operatives continue to undertake work in a professional and friendly manner, offering regular feedback and technical advice when needed."*
